How to do this

< 2/2 >

Here's a step-by-step guide to downloading `jspdf.umd.min.js`:

Method 1: Download from CDN

1. Visit the jsPDF CDN link:

- `https://cdnjs.cloudflare.com/ajax/libs/jspdf/2.5.2/jspdf.umd.min.js`

2. Right-Click on the Page:

- Right-click anywhere on the page and select "Save As" (or "Save Page As" depending on your browser).

3. Save the File:

- Save the file as `jspdf.umd.min.js` in a directory on your computer.

4. Place the File in Your Extension Folder:

- Move the downloaded file to the appropriate folder in your extension directory, e.g., `libs`.
